Full Time Job: Promote Overland Park, Kansas as a convention and tourist destination

KCMPI Memorable Moment: The amount of effort involved by so many people to bring the WEC to Kansas City in 1990 was remarkable. At the time, we were the smallest city to be considered and even though it seemed like an exercise in futility, the number of people involved and the attitude of our small but mighty chapter (less than 90 members) convinced MPI that we could host their premier meeting. We proved ourselves all the way through the event. By every measure, the conference was extremely successful and I've never been more proud to be a part of any organization.
