- 3.1 TERMS: The term “Reserves” for financial purposes will be defined as funds set aside to be used in emergency cases or in the event of an investment by the Chapter to further its mission.
- 3.2 RESERVE TARGET: Chapter will maintain a minimum reserve of 6-8 months operating funds. Operating funds will be defined as annual fixed expenses plus 20%. This timeframe is to be a minimum as it is recognized that external events in the industry, significant downturn in the economy or stock market could make a longer commitment necessary.
- 3.3 PURPOSE OF RESERVES: MPI Kansas City Chapter will maintain adequate reserves for the following purposes:
 - 1) Unpredictable events which could substantially impact the chapter’s operations or revenue streams. While such occurrences are rare, reserves can provide the resources necessary to keep the organization functioning should one occur.
 - 2) Identification of a valuable investment opportunity for long term growth.

While most such opportunities are managed through budgeted expenditures, the right opportunity with a significant and dependable return on investment can warrant a decision on the part of the board to access the organization’s reserves.

These investments would require an acceptable ROI back to the organization and would be sustainable long term without the initial deemed reserve support.

With regards to reserves, all investments should be low risk and high liquidity and will be approved by board majority.

- 3.4 ACCESS TO RESERVES: The access of the “reserve” shall first be referred to the VP Finance for consideration. Final approval by a majority vote of the Board of Directors is required.
